Process type Formal structured process

Rationale This agreement was signed in the context of a 'three-month mediation process

facilitated by the Centre for Humanitarian Dialogue (HD), on behalf of the High Authority for Peacebuilding and in support of the communal peace committees' (p.3). About nine months after this agreement was signed, traditional leaders in the Diffa region struck another peace agreement (September 2019; see https://reliefweb.int/report/niger/signing-declaration-commitment-intercommunal-conflict-prevention-between-

traditional), suggesting that this is not an isolated example.

Is there a No documented link to a national peace process?

Link to national Neither the agreement text nor limited background research suggests a link to a

process: articulated national-level peace process.
