Local agreement properties

Process type	Formal structured process
Rationale	The agreement follows a practice of inter-communal dialogue, led by local representatives of communities to resolve farmer-herder conflict. In the Benue state this follows a similar type of locally led dialogues in this region and neighbouring states. The process is ongoing, with clear resolutions and with the support of the HD centre.
Is there a documented link to a national peace process?	No

Link to national process: articulated rationale While the agreement conveys a sense for the need for national unity in the face of COVID-19, there is no reference in the text to the national process. There is also no clear presence of state officials supporting the agreement in any way.

Ritual/prayer and process (including use of scripture) Page 1, ... upon the declaration by the World Health Organization (WHO), that the Corona Disease (COVID-19) is a global pandemic affecting over 160 countries across the globe, and having infected several Nigerians, irrespective of their ethnic, religious or professional affiliation, hereby affirm thus:

Grievance List Page 1, ... Recognize that amidst the intra and inter-communal conflicts that range from clashes over fishponds; farmer-herder clashes; witchcraft; cultism; drug abuse/ consumption of illicit substances; extortion by youth and livestock guards; cattle rustling and theft, view a period of distress like this to unite and defeat a common enemy far beyond the limited differences within and outside our communities.

Page 1, ... Take cognizance of the disturbing misleading information on the COVID-19 (mainly abuse of liquor as a means of prevention to the COVID-19); poor sensitization of the pandemic at the grass roots and the social distancing affecting the cultural norms and beliefs;
