

**VALIDATION OF THE REVIEWS AND AMENDMENTS ON DUKANA-DILLO-MAIKONA DECLARATION  
MEETING HELD AT KOKET-BORANA HOTEL MOYALE - ETHIOPIA ON AUGUST 30-31, 2017**

**I. Introduction and Background:**

Dukana-Dillo-Maikona peace declaration was first supported by the Kenya National Steering Committee (NSC) in 2009. The declaration was a cross border solution to the prolonged community conflict between Boranas of Ethiopia and Gabras of Kenya. As a result of this declaration, the conflict was mitigated to a greater extent enabling the two communities live together, share grazing and watering resources, opened cross border trade and enabled education and health services sharing especially on the Kenyan side. However, with the introduction of a USAID funded program dubbed PEACE III, in partnership with Strategies for Northern Development (SND) and Inter African Group (AIG), the two communities identified the need to revise the declaration and its amendment due to the prevailing circumstances such as inconsistencies, ambiguity and double punishment inflicted on suspects. The parties, in one of PEACE III activities suggested the need to review some key clauses such as age specification of cattle that is used for blood compensation. On May 31, 2017 at Koket-Borana Hotel Moyale -Ethiopia, PEACE III and its partners facilitated a community meeting that reviewed and amended the Dukana-Dillo-Maikona declaration. This meeting gave forth the reviews and amendments on the Dukana-Dillo-Maikona Declaration peace process which PEACE III helped document and is here under presented for validation.

**II. Validation of the Declaration Reviews and Amendments:**

On this 30<sup>th</sup> day of August 2017, The Gabra and Borana Communities herein represented by their traditional leaders pledge to live peacefully with one another and share the natural resources such as water and pasture.
