

Agreement to Consolidate the Ceasefire

Based on the ceasefire agreement that was signed on September 4th, and based on the statement from the Security Council on 6 September 2018, which called for an immediate cessation of hostilities, adherence to the truce, stopping the bloodshed, and protecting civilians, the following points were agreed upon:

1. Creating a monitoring and verification mechanism to consolidate the ceasefire under the supervision and direction of a joint operations center
2. Repositioning of forces to areas that are agreed upon to allow resumption of normal life in the areas of the clashes, and the Greater Tripoli area in general, followed by a mechanism to stop the clashes
3. Storing all heavy and medium-size weaponry inside the bases of the groups that own them
4. Creating a plan for the withdrawal of the armed groups from sovereign locations and vital installations and the gradual positioning of regular forces (military and police), starting with the Mitiga International Airport, the Prime Minister's office, the Tripoli Port, the Central Bank, bank branches, the sites of the National Oil Corporation (starting with the Hani fuel tanks and the airport), the Electricity Corporation, and especially the control room and the General Authority for Communications and Informatics, and the Libyan Investment Authority, in accordance with a clear timetable.
5. The Presidential Council shall dissolve the current security arrangements committee and form a new security arrangements committee, and the delegation shall contribute to providing the necessary support to this committee
6. A written commitment from the Tripoli armed groups to not extort, pressure, or take over sovereign institutions
7. Announcement of an economic reform package within a week from today, and starting to implement it
8. Canceling a number of decisions that were made during the previous period that transfer the state authorities to armed groups
