

## **The Supreme Council of the Tribes and Cities of Fezzan**

### **In the Name of Allah, Most Gracious, Most Merciful**

#### **And Peace and Blessings be on Prophet Muhammad, His Family, and His Companions**

Due to the danger of the situation in the area of Fezzan, and the resumption of clashes between armed groups, which has caused worry and has negatively affected all aspects of the lives of the people in the different parts of Fezzan, the prominent figures and sheikhs of Fezzan, while holding a meeting called by the Supreme Council of the Tribes and Cities of Fezzan, realize the imminent danger to the area and the negative effects of these conflicts that have benefited no one. They hold this meeting while stressing the importance of the following:

1. An immediate ceasefire between the two sides
2. Public roads and facilities are owned by everyone, and benefitting from them is everyone's right, while taking advantage of them during the ongoing conflicts and using them as a tool of war is an action that is criminalized and prohibited, and is considered, morally and legally, a war crime

So, the attendees today have agreed on:

1. The necessity of immediately opening all internal and external roads
2. Sparing government facilities any kind of conflict or fighting, and this does not involve the regulations and laws in effect for the armed forces
3. Forming working committees through contact with the military and all officials in the Libyan government
4. Working to dissolve all armed formations and rebuilding the military on a professional basis
5. Calling upon the people of the south who are in the military, police, and security agencies to immediately return to their military bases and positions with the armed forces, the police, and the security agencies
6. The Supreme Council shall be kept in a permanent session to monitor and support the work of the committees that were formed
7. The attendees confirm that the Supreme Council of the Tribes and Cities of Fezzan is the legitimate representative of the social components in it, and all governments, states, and international organizations need to take this into account
8. The attendees of this meeting call upon all of the elected officials from Fezzan, including the members of the two houses of parliament, state officials, and members of the Presidential Council, to suspend their memberships and return immediately to Fezzan until a suitable solution is found
