

Context and premises of the CPP declaration of ceasefire (December 23, 2019 to January 7, 2020)

Upon the recommendation of the Negotiating Panel of the National Democratic Front of the Philippines (NDFP), the Central Committee of the Communist Party of the Philippines declares to all commands and units of the New People's Army (NPA) and the people's militias a nationwide ceasefire order that will take effect from 00:00H of 23 December 2019 to 23:59H of 7 January 2020.

This ceasefire order is being issued simultaneously with and shall be effective upon the corresponding and reciprocal ceasefire orders in the form of Suspension of Military Operations (SOMO) and Suspension of Police Operations (SOPO) to be issued by the Government of the Republic of the Philippines (GRP) as a gesture of goodwill and confidence building measure.

The purpose of the reciprocal and unilateral ceasefires is to generate a positive atmosphere conducive to the holding of informal talks preparatory to the resumption of the formal peace talks. The ceasefire order is being issued in solidarity with the traditional celebrations of Christmas and New Year holidays.

During the ceasefire period, all NPA units and people's militias shall cease and desist from carrying out offensive military operations against the armed units and personnel of the Armed Forces of the Philippines (AFP), the Philippine National Police (PNP) and other paramilitary and armed groups attached to the GRP.

Personnel of the AFP and PNP who have no serious liabilities other than their membership in their armed units shall not be subjected to arrest or punitive actions. They may be allowed individually to enter the territory of the people's democratic government to make personal visits to relatives and friends.

All units of the NPA and the people's militias shall be on defensive mode at both the strategic and tactical levels. They shall nonetheless maintain a high degree of militancy and vigilance against any hostile actions or movements of the enemy armed forces, including encroachment on the territory of the people's democratic government, surveillance and other offensive operations including so-called "peace and development", civil-military" or "peace and order" operations. Active-defense operations shall be undertaken only in the face of clear and imminent danger and actual armed attack by the enemy forces.

All branches and committees of the CPP, units of the NPA and people's militias and revolutionary mass organizations should closely monitor any hostile actions being carried out by the enemy armed forces. Such information should be reported to the concerned commands of the New People's Army and leadership of the Communist Party of the Philippines.
